PROFESSIONAL EXPERIENCE

CasePro(Web App):

Developed "CasePro" using .NET MVC and SQL Server for managing import-export activities. Enabled users to insert, update, delete, and clone activity details efficiently. Focused on creating a robust and user-friendly interface for streamlined data management.

Rudra Consultancy (Web Design)

Developed a responsive, user-friendly website using HTML, CSS, JavaScript, and Bootstrap. The project involved designing and implementing the front-end interface, ensuring cross-browser compatibility, and optimizing the website for performance.

Indiawin Technologies (Web Design)

Developed a comprehensive web application using HTML, CSS, JavaScript, and Bootstrap. The project involved creating a dynamic, responsive user interface that caters to both desktop and mobile users, with an emphasis on usability and modern design principles.

Bada Competition (Web App):

Developed 'Bada Competition', an online platform utilizing Dot Net MVC and SQL Studio. Enabled user registration, login, and participation in product selling competitions. Established selection criteria and administered winning prizes, driving user engagement and fostering competition.
