Bachelor's Of Computer Science

Mohammed Ansab Shaikh

Front-end Developer

About Me

I am a Front End Developer with a strong interest in projects requiring conceptual & analytical thinking with an **experience of 3 years**. I enjoy designing websites with end users in mind.

Work Experience

Polyscripts Infotech 2021 - 2023

Front End Developer

- Developing web applications using HTML, CSS, JavaScript, Angular & Bootstrap.
- Designed dynamic, browser-compatible pages & single-page applications (SPA) using HTML5, CSS3, & JavaScript, with responsive web design through HTML5 grid layouts & CSS3 media queries.

Wordpress Developer

- Built websites using WordPress and provided technical support to clients.
- Designed new features for existing websites and wrote code using HTML and CSS.
- Customized themes to meet clients' requirements.
- Managed a user guide to help clients understand site features and management.

Back End Developer

- Built APIs for CRUD operations in CodeIgniter 4 with MySQL.
- Developed APIs for application integration with Hubspot using CodeIgniter 4.
- Proficient in writing PHP snippets for customizing websites.
- Managed servers, domains, SSL, and client email setups.

Dot Net Developer

- Handled Customer Support and Issues of UK clients
- Responsible for Handling Accounts & Payroll Software and fixing bugs and releasing new updates for software

DigitalFlake Solutions 2023 - 2024

Wordpress Developer

- Developed WordPress websites using Elementor.
- Revamped existing websites to meet client requirements.
- Communicated effectively with clients to understand and develop project specifications.
