Professional Experience

Software Tester (QA)
Stride-future Technologies,
Bengaluru, India,
December 2022 To the present.

• Collaborated with the software development team to understand project requirements and design test plans and test cases accordingly.

• Conducted manual testing of web and mobile applications to identify defects, bugs, and usability issues.

• Executed test cases, documented test results, and reported issues using bug-tracking tools.

• Assisted in the development and maintenance of automated test scripts using testing frameworks (e.g., Selenium & TestNG).

• Participated in daily stand-up meetings, providing status updates and discussing testing progress and challenges.

• Collaborated with developers and business analysts to resolve issues and ensure high-quality software delivery.

• Contributed to the continuous improvement of testing processes by providing feedback and suggestion.
