React.js; MongoDB; Java; React Native; *Django* ; Shopify ,  
Liquid; Wordpress; Gsap.; Next js;  
JSON; Sanity; Firebase. *TailwindCss.*

### Interests

- Participated in hackathons
- coding, Football, traveling

## SUMMARY

I blend creativity with technical expertise to deliver impactful user experiences. Proven ability to seamlessly integrate design and functionality. Eager to contribute innovative solutions and drive success in the fast-evolving world of web development.

## WORK EXPERIENCE

### Frontend Developer (Intern)

#### Nextgen techno

📅 July - August 2023 📍 Mumbai

- API Development: Acquiring practical experience in API development, learning to design, implement, and integrate APIs for various functionalities.
- UI Frameworks: Working extensively with UI frameworks, particularly React JS and Next JS, to develop responsive and user-friendly interfaces.

### Frontend Developer

#### Bamboo Digital *INTERN*

📅 October - December 2023 📍 Parel , Mumbai

- User-Centric Design: Craft captivating and intuitive interfaces, prioritizing user-centric design principles.
- Responsive Web Development: Utilize cutting-edge frontend technologies for responsive and device-agnostic web applications.
- Collaborative Development: Work closely with UX/UI designers to translate design mockups into pixel-perfect web pages.
- Shopify Development: Extend expertise to Shopify development, working with Shopify Liquid and integration processes.

### Web and Application Developer

#### STARFISH

📅 JAN2024 - April 📍 Hyderabad India

- React JS & Next JS Development: Utilize React JS and Next JS for building efficient and scalable web applications.
- React Native Development: Create cross-platform mobile applications using React Native for a seamless user experience.
- UI/UX Implementation: Translate design concepts into visually appealing and user-friendly interfaces. Code Optimization: Implement best practices for code quality, performance, and maintainability.
- Continuous Learning: Stay updated on industry trends and emerging technologies in the React ecosystem.

## CERTIFICATIONS

- Mern Stack Web development (Mongodb, Express js, React js, Node js.)

## PROJECTS

Porfolio website With React js and GSAP animation  
<https://khmaazweb.netlify.app/>

E-commerce app with sanity and firebase

Awesome Modern Animation Website with Vanila js Gsap &

Movie app with React Native

Food delivery website with Next js and mongodb.
