Provided Customer Support, Help / Troubleshoot Users To Resolve Server, Network, And Other System-Wide Problems.

Installing, Configuring, And Troubleshooting Printers, CCTV Cameras, And Ethernet Devices.

Expertise Hands In Assembling & Disassembling And Troubleshooting Of Computer & Laptop

Environment: AWS, Git, Linux Based OS, Windows Server 2008/2012/2016/2019, Hardware and Networking.

IT World Computer & CCTV Camera

May 2016 - March 2017

Technician

Expertise Hands In Assembling & Disassembling And Troubleshooting Of Computer & Laptop.

Installing, Configuring, and Troubleshooting Printers, CCTV Cameras, and Ethernet Devices.

I have Experience With Hardware, Software, Servers, Networking, And Peripherals That Are Related To Linux And Windows Servers, As Well As Integrating, Installing, And Managing Those Servers With Required Services.

Creating And Maintenance User Accounts, profiles, And Security Rights.

Supporting Users To Resolve Server, Network, And System-Wide Issues.

SKILLS

Amazon Web Service (AWS) and Linux

Provisioning, Operating, And Maintaining Systems Running on AWS.

Managing AWS Cloud Related Services like EC2, S3, IAM, VPC.

Good knowledge of Linux operating system, Installing OS, and Software Installing.

Configure Server Web Server, LAMP, Nginx, Zimbra Mail Server And Good Command Over Linux Environment and Troubleshooting

Windows Workstation and Server

Windows 7/8/10, Windows Server 2008/2012/2016/2019.

Good Knowledge of the Creation of Active Directory / Domain Controller, RODC, ADC, CDC, TDC, and Member Server / Client.

Managed USER and GROUP Accounts and Managing Users Group and Directories Level Permissions And Policy.

Backup and Recovery, Firewall Security, And Network Troubleshooting like IPv4, IPv6, and Teaming.

Manage Devices Management, RAID, and Quota. Support Servers Remotely, Monitoring, and Maintaining all the Servers.

Configure of DNS, IIS, and IIS with FTP, DHCP, WDS, FSRM, WSUS, WSB, and RDS Services Configure and Troubleshoot.

Hardware And Networking
Computer Assembling And Maintenance. Managing And Maintaining The Servers, PC's, Troubleshooting Hardware And Software Problems.
Routers And Switches. configuring, Managing, And Maintaining Networking Equipment. Installing, Configuring, And Administering Network Technologies. Installed And Configured DHCP Client/server
Strong Verbal And Personal Communication Skills. Accuracy And Attention To Details.
Problem Analysis, Use Of Judgment And Ability To Solve Problems Efficiently. Decision Making, Critical Thinking, Organizing, And Planning. Tolerant And Flexible To Different Situations.
