EXPERIENCE

MakeIN Technologies   Mar 2023 – Aug 2023
QA Trainee for Manual & Automation Testing   Ahmedabad, Gujarat

- Taken 4 months of professional training in Automation testing and Manual testing
- Extensively used SeleniumIDE and Selenium Web Driver with Java on TestNG framework
- Developed many manual test-cases and secured in-depth understanding for devising test-cases methodically using Element locators, WebDriver methods, etc.
- Created comprehensive bug reports using MS-Word, MS-Excel and bug tracking tools, in compliance with SDLC, STLC and custom bug life-cycles
- Acquired sound knowledge of handling Web elements in Selenium Web Driver and writing dynamic XPATH.
- Over the entire period, I have been actively involved in preparing test-cases and Bug Reports for Live sites, using both Manual and Automation testing
