MAjid Mansuri

PHP/ Python Developer

SUMMARY

- Proficient in crafting robust web applications with Laravel, harnessing its powerful features for seamless backend development.

- Experienced in leveraging Django to create efficient web applications, utilizing its versatile framework capabilities.

- Skilled in developing dynamic web-based solutions using HTML, CSS, jQuery, Ajax, and JavaScript to enhance user interaction and functionality.

EXPERIENCE

Software Developer

Vainavin Systech Pvt Ltd / January 2023 - Present

- I am currently employed as a Software Developer at Vainavin Systech Pvt Ltd, where I have been actively involved in Laravel projects for the past 1.5 years.

- Prior to this, I gained valuable experience as a Software Developer at Bluehole Pvt Ltd, specializing in Django Python technology for 6 months.

- These roles have equipped me with a solid foundation in web application development, enhancing my skills in backend frameworks and fostering a strong understanding of software design principles.
