Projects

3 Weeks ○ **Food Delivery App(Savory Delights)**

Created "Savory Delights" a food delivery app that has a user-friendly interface with a clean, modern design, allowing users to easily browse through a variety of restaurants and menu items. Key functionalities include user registration and login, a searchable restaurant directory, detailed menus with images and prices, and a seamless ordering process integrated with a payment gateway to support multiple payment options, ensuring secure transactions.

4 Weeks ○ **Flixzy(OTT App)**

Flixzy is an OTT streaming app designed to deliver a seamless experience for movies, TV shows, and video content. It features a sleek, intuitive UI for easy navigation across various genres and categories. Key functionalities include secure user authentication, a searchable content library with detailed information and trailers, high-quality video playback, subtitles, multi-language support, and offline viewing capabilities. Built with robust technology, Flixzy ensures a secure and enjoyable streaming experience for users.

2 Weeks ○ **Shoppers Paradise(E-Commerce app)**

Shoppers Paradise is an eCommerce app designed with Flutter, providing a sleek and user-friendly UI for an exceptional shopping experience. The app features intuitive navigation through product categories, advanced search functionality, detailed product pages with images and reviews, secure user authentication, seamless cart and checkout processes.

5 Days ○ **Music Player App**

A music player app designed with Flutter using neumorphism for a modern, tactile UI. Features include intuitive navigation through playlists, albums, and artists; smooth playback controls; an attractive now playing screen with album art and track details; easy playlist management. Neumorphism adds a stylish and engaging touch to the user experience.

5 Days ○ **Coffee Shop App**

A coffee shop app designed with Flutter, featuring a sleek UI with tabs for easy navigation. Key tabs include Menu (browse and customize items), Orders (manage cart and payments), and Account (profile and order history). Enjoy a seamless and engaging coffee ordering experience.
