SHAH VRUSHALI

ABOUT ME

My name is Shah Vrushali Dipakbhai. I recently completed training in React Native and am passionate about creating user-friendly and visually appealing mobile apps for Android devices. While I'm still learning, I'm eager to contribute and grow in the field.

WORK EXPERIENCE

Groovy Web

2 August 2023- 1 November 2023

Frontend Developer Intern

- Helped create mobile apps using React Native.
- Learned how to find and fix problems in the code.
- Always tried to make perfect design as given.
- Collaborated with experienced developers to add new improvements to existing projects.

PROJECT

- In my free time, I made one application named "Budget List Application"
- **Description**
Created a mobile app using Android Studio(Kotlin) with the following features:
 - 1. Add Budget**
Users can add new budget items by specifying the Label, amount, and description.
 - 2. Delete Budget**
Easily remove unwanted budget items to keep the list organized.
 - 3. Update Budget**
Edit existing budget items for better expense management.
