

# Safira Patel

AI/ML Enthusiast, Software Engineer

 Bharuch |  +(91)9904043099 |  safirapatel323@gmail.com

## Summary

---

-Highly enthusiastic, self-motivated and Dynamic -To have a growth oriented and challenging career, where I can contribute my knowledge and skills to the organization and enhance my experience through continuous learning and teamwork.

## Education

---

|  |   |
|--|---|
| <b>Parul University</b><br>Computer Science and Engineering<br>9.04 CGPI | <b>June 2020 - Present</b><br>Pursuing B-Tech |
| <b>Matliwala Public School</b><br>94%                                    | <b>2018-2020</b><br>12th CBSE                 |

## Skills

---

### FrontEnd Web Development

HTML, CSS, Web Design

### Backend Web Development

Python, PHP, SQL

### Machine Learning

Data Visualization, Data Analysis, Deep Learning

### React

## Projects

---

### Prediction of Insurance Amount

AI/ML Tools

- Created a model for predicting insurance amount of the people based on various factors like age, gender, smoking habit, medical history, etc.
- Used a dataset from kaggle.
- Got an efficiency of 89%.

Python, Machine learning

### My Dairy

Web Application

- Created an interface for the traditional milkmen to sell their dairy products.
- Helping them to increase their business.
- Used machine learning algorithm to predict the sales of their products.

ReactJs, Python, Machine learning

## Volunteering

---

### Project Team

Team Leader

### Non-Technical Event

Team Volunteer

## Languages

---

### English

Proficient

### Hindi

Proficient

### Gujarati

Native

## Certifications

---

### Introduction to Machine Learning

Infosys

### Python using Data Science

Infosys

### Web Development Workshop

Parul University

### Mathematical Thinking in Computer Science

Coursera

### UI/UX workshop

Parul University

## Interests

---

### Watching NEWS and Documentary Videos

### Reading Novels

### Watching Science Fiction Movies
