B.E. (Computer Engineering) - 7.87 CGPA  
Gandhinagar Institute of Technology  
2020 - 2024

### TECHNICAL SKILLS

---

- HTML5
- CSS
- Tailwind CSS
- Javascript
- React.js
- Git
- GitHub
- Structured Query Language

### PROFESSIONAL EXPERIENCE

---

#### Frontend Developer

July 2023 – August 2023

#### Snapfix Ltd.

Ahmedabad, India

- Proficient in a broad spectrum of web technologies, spanning from foundational elements such as HTML, CSS, and JavaScript, to advanced frameworks and tools like Tailwind CSS and React.js.
- Developed a reliable and responsive website using the React.js framework.
- Also learn through daily small tasks like creating clones of different websites.

### PROJECTS

---

#### Password Generator

- Crafted an intuitive Password Generator web application, offering users tailored password criteria and immediate security strength assessment.

#### Weather App

- Designed the Weather App, enabling users to promptly access current weather data for their location or any global destination.

#### DevDetective

- Developed the GitHub Profile Finder application, facilitating seamless access to crucial user profiles and their related information.

#### StudyNotion

- Designed StudyNotion, a single-page application, incorporating advanced routing for user login, sign-up, and straightforward homepage access.
